Eldy in Wien!

Seniors: The EU has presented Eldy with an E-inclusion award!
The first free software for an easy use of the computer
ROME, 7th Dec 2008 - Eldy, the free software package designed for ease of computer use for seniors, has been awarded a prize by the European Union.
The award was issued during the â€œ**E-inclusion Ministerial Conference & Expo**â€• in Vienna on 1st Dec, 2008.
This conference is part of an European initiative with the aim of identifying best practices in **Information and Communication Technologies** for inclusion and e-government, and to promote the diffusion of mutual values among Europe.
