ELDY TTT (Train the training) courses

Eldy, Â thanks to theÂ European Social Fund, has promoted the course **"Expert Eldy over 50"**.
Target: enthusiastic over 50s
Aim: empowering older people in order to reintegrate in the labour market as Eldy-teacher.
Training: During the course, participants learn all the basic skills to become excellent Eldy teachers: basic computing, Eldy Platform, teaching methodologies.
Prospective teachers are also able to activate a covered intnership to immediately apply their knowledge in the field and contribute to an experienced dissemination in the second stage.

Courses to seniors

Example: Eldy-Borgofranco dâ€™Ivrea.
On a community of 3000 people, Eldy was taught to 300 seniors that lives in a rural area close to Ivrea (Torino, Italy).
Eldy was key on the success of the project because of itâ€™s easiness to be learnt.

Other examples:

Eldy-Tesero (mountain area, in a village lived only by 300 seniors, with hard social problems): training in retirement house, social volunteering, contact to the lively online community.
Eldy - Mexico: in QueretÃ ro, a Region of Mexico withÂ young population but limited diffusion of pc and of computer literacy, we trained more than 160 people, senior and young, both digital illiterate.
Eldy - Brussells: in Vrije Universiteit BrusselÂ we had classes of Eldy and trained Â local seniors involving young students as volunteers.

Courses to women seniors:

In particular Eldy was involved in train the trainer for Senior Women. The Project was funded by Vicenza Province, and focuses on training of 120 women +55 aged.
Eldy is a platform encouraging all nationalities, all social classes, all ages, and women, that according to surveys are less computer litterated than men.
