

## e-Government

Eldy is already being used by many local and regional authorities for e-inclusion projects.

Eldy gives easier access to online public services by an interface which makes sending emails and finding websites much less complicated.

Eldy can also be used with Smart Cards to facilitate secure transaction with public and private services, so that elderly people do not have to input complex passwords and security information.

Eldy trains the trainers who teach elderly people to use the software to join the internet and all it offers

Eldy is a free software package to help senior citizens to use computers and access the internet

With Eldy anyone can easily access online services from public and private sectors

Eldy is easy to learn, easy to use and you will find many people to help and

*Computer is easy with Eldy*

## What is Eldy...

### Eldy the NGO

Eldy helps older people to use computers and enjoy the internet revolution. Eldy is a software developed by Eldy NGO, a non-profit organization, freely available from [www.eldy.eu](http://www.eldy.eu).

### Eldy the software

Eldy can be used with Windows, Linux and Mac, making use of computers and the internet easier. Eldy provides e-mail account, a web browser, a chat service, a text editor, pictures management, weather forecast and videoconference.

### Eldy the simplicity

Eldy is simple and clear, with nice big buttons, easy to read and to use. The interface is pleasant and intuitive. Striking contrasts and simplified navigation helps the starter to learn Eldy in few hours.

### Eldy the community

Eldy is a social network too. In Eldy you can find a community of senior people, volunteers and friends, always ready to help you, to give you support and to communicate. Eldy is much more than a software, it's a way of life!
